

Welcome to Ekalavya

Simple steps to access content on Ekalavya.

- 1.To view contents of an article or news you need to only click on the title of the article or news as it scrolls.
- 2.When you click on content which may require you to log in, the login page would open up and you may login/register.
3. To view content of a module or a quiz which may require you to register, either log in with your google id (gmail) or register (sign up) and secure an Ekalavya login id and password and use it to log in.
4. Once you are logged in you may click on the contents and they would be displayed to you.
5. For responding, submitting content, when you click on the relevant text, if you are not logged in you would be directed to login page, and if you are logged in you may simply post your text in the text box which may appear.

Hope you find access easy. In case of any difficulties feel free to contact us.
